

**Antemasuratoare**  
**Lista cu cantitati de lucrari pe categorii de lucrari**

| SECTIUNEA TEHNICA |   |             |                  |
|-------------------|---|-------------|------------------|
| Nr.               | Capitol de lucrari  | U.M.        | Cantitatea       |
| 0                 | 1   | 2           | 3                |
| <b>1</b>          | <b>W1C07B1</b> - Post de transformare metalic tip pmt-5 cu O cabina montare   | <b>buc</b>  | <b>1,000</b>     |
|                   |   |             | material:        |
|                   |   |             | manopera:        |
|                   |   |             | utilaj:          |
|                   |   |             | transport:       |
| 1.1               | <b>000001</b> - Post de transformare prefabricat, complet echipat, tip PTAB 20/0,4kV 160kVA, inclusiv transportul acestuia in amplasament | buc.        | 1,000            |
| 1.2               | <b>5827556</b> - Surub pentru fund. S.2350 F m 12 X 160 OL 37   | buc         | 8,000            |
| 1.3               | <b>5840479</b> - Piulita hexagonala grosolana a m 12 GR. 5, S 922   | buc         | 8,000            |
| 1.4               | <b>6200535</b> - Benzina de extractie tip 80/120 S 45   | l           | 1,000            |
| 1.5               | <b>7306661</b> - Bumbac de sters  | kg          | 0,200            |
| 1.6               | <b>7333951</b> - Pinza nealbita de bumbac latime 0,90M stas 322-49  | m           | 1,000            |
| 1.7               | <b>14180</b> - Electrician post trafo   | ora         | 6,400            |
| 1.8               | <b>6753</b> - Automacara cu brat cu zabrele 10- 14,9tf  | ora         | 1,480            |
| <b>2</b>          | <b>W1F12XA</b> - Incercarea instalatiei de legare la pamint post de transformare  | <b>buc</b>  | <b>1,000</b>     |
|                   |   |             | material:        |
|                   |   |             | manopera:        |
|                   |   |             | utilaj:          |
|                   |   |             | transport:       |
| 2.1               | <b>14100</b> - Electrician  | ora         | 11,000           |
| 2.2               | <b>4806</b> - Autolaborator tip lm3 auto 5T pt verif.centrale si statii elect.  | ora         | 0,600            |
| <b>3</b>          | <b>TRB22F3H</b> - Manipulat materiale si elemente prefabricate cu automacara de 6-9,9 tf pozitie fixa G >6T                               | <b>tona</b> | <b>21,500</b>    |
|                   |   |             | material:        |
|                   |   |             | manopera:        |
|                   |   |             | utilaj:          |
|                   |   |             | transport:       |
| 3.1               | <b>20650</b> - Muncitor de deservire pentru montajul in constructii   | ora         | 0,860            |
| 3.2               | <b>6752</b> - Automacara 6- 9,9tf cu brat cu zabrele  | ora         | 0,287            |
| <b>4</b>          | <b>AUT7907A1</b> - Diferenta pret utilaje lei   | <b>lei</b>  | <b>2.500,000</b> |
|                   |   |             | material:        |
|                   |   |             | manopera:        |
|                   |   |             | utilaj:          |
|                   |   |             | transport:       |
| 4.1               | <b>7907</b> - Diferenta pret utilaje lei  | ora         | 2.500,000        |
| 4.2               | <b>7908</b> - Diferenta pret utilaje mii lei  | ora         | 25,000           |

|     |   |     |            |
